

ANIMAL WELFARE MISSION

PROSPECTUS

BECOME AN ANGEL

One Hundred Angels is committed to improving the lives of others by bringing comfort and dignity to populations in need. We strive to remember that where there is a need, there is an opportunity to make a difference and make the world a better place. At One Hundred Angels we can easily measure the impact of our organization by the number of people we serve, but we understand that those who give receive just as much, if not more, than those who are getting the help. Join with us in a space of service, where you can see the true impact of your work. Become an Angel today and, together, let's change the world.

VISION & VALUES

OUR *Vision*

To be the largest support platform in the world, focused on generating real and effective solutions for the needs of the most vulnerable communities.

ANIMAL WELFARE *Mission*

All over the world animals are neglected, mistreated, abused, and killed inhumanely. One Hundred Angels aims to improve the situation for animals in the long-term by supporting an organization called Huellas ONG that provides veterinary care, food, animal sanctuary shelters, adoption, and support to pet families who need assistance. We have made it a priority to aid animals and their welfare, along with supporting pet families, so we continue to promote and support services that can help achieve a culture of peace with our animals.

WHY IT *Matters*

Anyone visiting Uruguay will quickly notice the multitude of dogs. Both strays and owned dogs roam freely and they run in little packs. Like mini street gangs they love to stir it up with anything entering their turf - birds, other dogs, farm animals, motorbikes, and even cars. Often, these animals meet a devastating demise due to their free roaming. For this reason, we recognize this as a humanitarian mission due to the health concerns of both people and pets.

HOW YOU CAN *Contribute*

One Hundred Angels is partnering with a local organization to sponsor emergency treatments for stray and low income pet families. We support them by purchasing medication and food, along with building sustainable shelters for these stray dogs. We would love your support to help us achieve a culture of peace with our animals.

MEET OUR *Founder*

My name is Maria Cecilia. I was born in San Carlos, Uruguay, a place between the sea and the countryside. I emigrated to the United States at twenty in search of adventures that brought me directly to my current reality. Twenty years later and a mother of two, owner of my own business, and having reached the American dream, I found myself on an adventure in Cuba. It was a perfect night, the ideal company, in the house of the Trova in Trinidad, and my companion asked me: If you could ask for an unlimited desire, what would it be? Without hesitation, I answered: One Hundred Angels per child. I would like each child to have at his or her side One Hundred Angels that protect them, that accompany them, that guide them, that love them.

We seek to support the missions that are already at work in this field. We seek to carry out new missions. We seek to bring comfort and dignity to the communities most in need. We seek to leave a better world than what we have found. This is my mission and I know that many of you share this, too. Let's work on it together.

Contact us today to become an angel by donating to help us achieve a culture of peace with our animals. We would love for you to join us and support our efforts to help those who can't help themselves.

Become an *Angel*
and let's change the world together.
